LIFE.LOVE.HOME

We are passionate about improving the standard of living in ways big and small. We care about every moment, every detail, to transform your living space to make **life** better.

It all starts with understanding those who will use our products. We empathize with them, then we craft around them. We want people to appreciate the small moments and enjoy the time they spend with those they care about most.

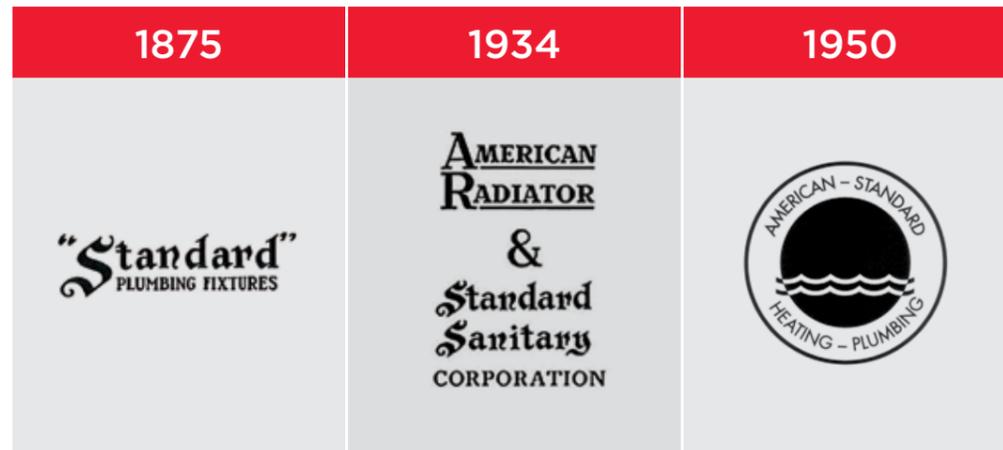

We've been improving **homes** around the world, designing purposeful bathroom and kitchen products for over a century. We want to inspire people to create a **home** they will **love** every day.

American Standard. **Life. Love. Home.**

Our continuing quest to raise the standard of living in and around the bathroom has been made possible through our 4 key guiding principles.

Our heritage

James Arnott and Francis Torrance start Standard Manufacturing.

American Radiator & Standard Sanitary Corporation merge.

Name shortened to American Standard.

Entry to Asia Pacific Market: 1st American Standard Factory in Philippines.

American Standard establishes its first factory in China as one of the first sanitary ware brands to enter the market.

All faucets are lead-free, and WaterSense certified. *USA only

LIXIL Group purchases American Standard Brands.

HygieneClean™ System utilises multiple technologies, to ensure ultimate hygien protection.

GENIE™ is a specially engineered pressureboosting hand shower that delivers a strong water pressure that is also gentle on the skin.

EasySET™ Exposed Auto Temperature Mixer allows you to enjoy an uninterrupted shower experience at the right temperature and water volume with just a push of a button and a turn of the dial.

Purposefully designed with an easy push on/off button, the EasyFLO™ Collection is especially handy when needing to turn water on with dirty or soapy hands!

American Standard launches the Reference Line, introducing the brand's signature elements.

DuoSTiX™ Hygiene Spray is a multipurpose spray that is both gentle on the skin and thorough on bathroom stains.

American Standard reveals its unified brand identity, bringing global consistency to its brand expression.

Brand values

American
Standard

A close-up photograph of a chrome faucet handle from the American Standard brand. The handle is cylindrical with a ribbed texture and is mounted on a square, polished chrome plate. The words "American Standard" are engraved in a cursive font on the upper part of the plate. Two hands are shown interacting with the handle: one hand is on the left, and the other is on the right, with the index finger pointing towards the handle's base.

Dependable

For over a century, our products have proven to be **trustworthy** purchases. They have made bathrooms and kitchens **safe**. Beautiful, but also **rational**, they are designed for a specific purpose in a **simple** way. Always, easy to use and built to last.

Inviting

Always in the background of your life, good design supports the **sensorial** elements that transform a space into a home. It invites a **comfortable, caring, and casual** approach to living that is at the heart of our brand purpose.

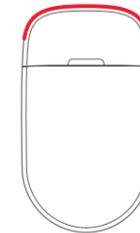

Pioneering

We are **passionate** about the products we make and innovate with a view towards a **progressive, optimistic,** and equally **authentic** user experience that emulates our company values.

Signature elements

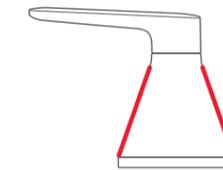

Pillow

As a user-centric brand, American Standard products are **Inviting**. The gentle **Pillow** shape, with soft rounded corners and accelerating curvatures, display the products' human nature.

Taper

American Standard is **Dependable**. This is expressed in the sturdy, solid **Tapered** shape of the product that communicates stability, reliability and trust.

Frame

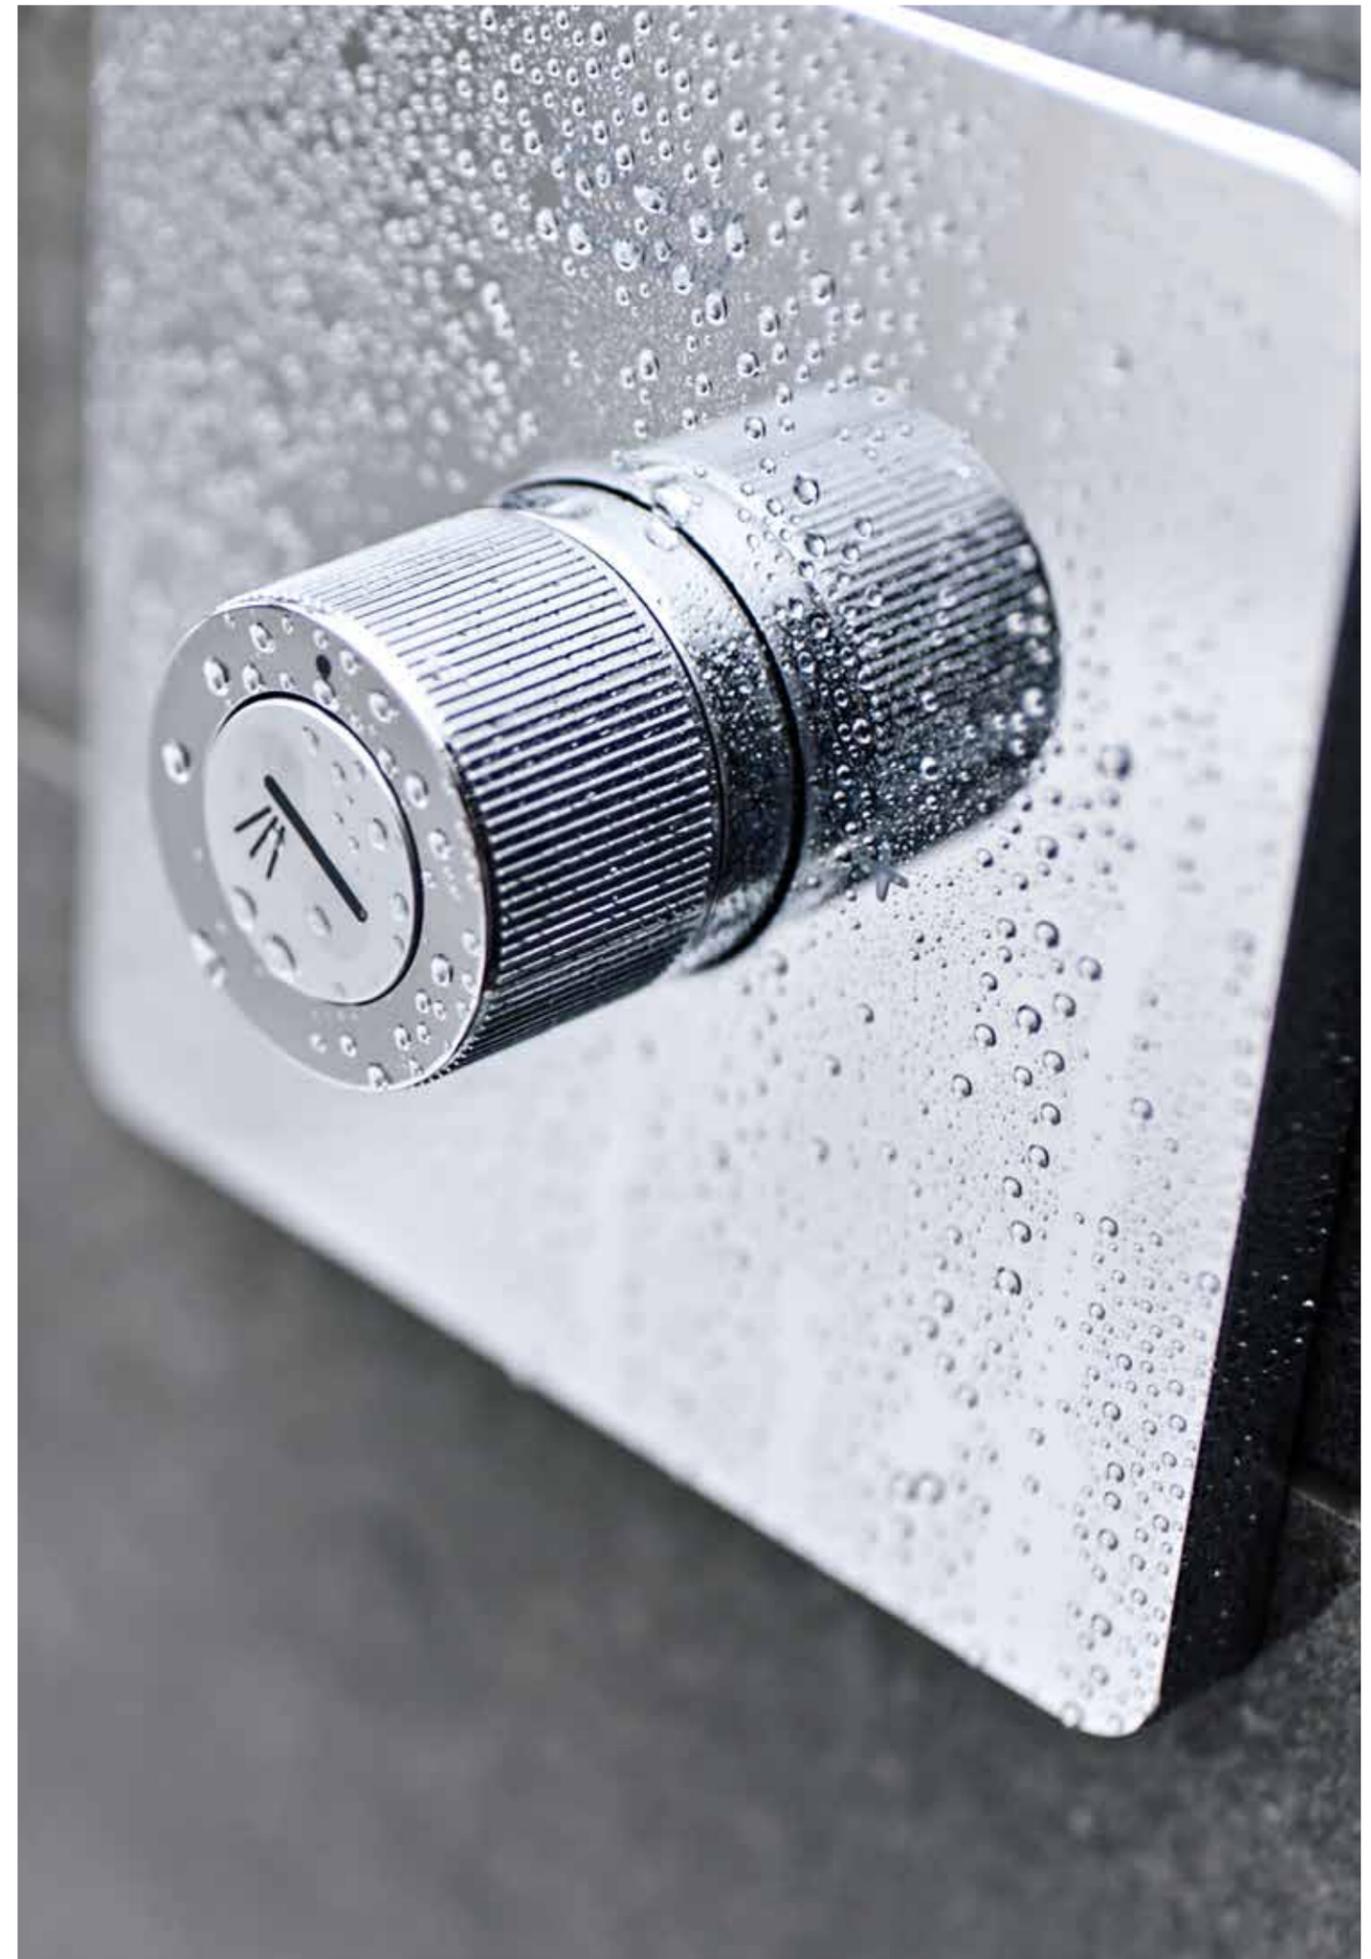

In true American tradition, American Standard is **Pioneering**. **Frame** highlights insight-based feature innovation, bringing into focus what makes our products easier to use and what brings true value to our user's everyday life.

Our awards

Any form of recognition is always appreciated and tells us that we are doing things the right way but more importantly, it drives us to go further and beyond to improve our offerings to enhance daily living in and around the bathroom and kitchen.
